BY INSTRUCTURE

Add CSU eReserves / Course Reserves to a Canvas Course

Instructors can set up Course Reserve material for their course through Morgan Library. They can then provide a link to those course reserve materials in a module in their Canvas course.

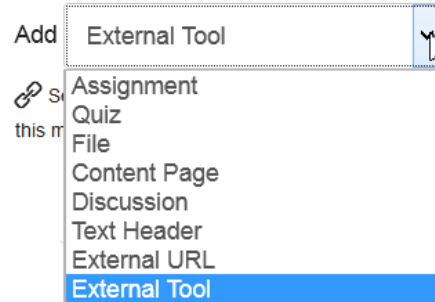

- 1) In your Canvas course, on the course left menu *click* **Modules**.

- 2) Under a **module** *click* on the “ + “ symbol at the top right.

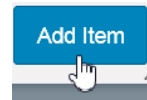

- 3) Under the **Add drop down menu** *select* **External Tool**.

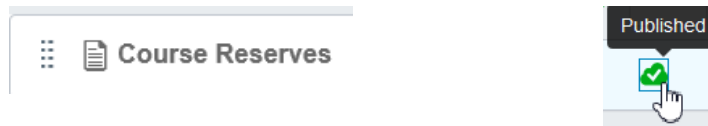

- 4) *Click* on **Course Reserves**.

5) At the bottom of the page *click* **Add Item**.

6) To the right of the Course Reserves item, remember to *click* on the **Publish** button.

When students click on the Course Reserves link, they will be taken to the course materials you set up with the library for this specific course.
