

Add Link to Macmillan LaunchPad To a Canvas Course

Instructors can place a link to Macmillan’s LaunchPad within a Module in their Canvas course which will take students to the eText book, assignments, tests, etc. that you have created with Macmillan.

Prerequisites:

[Course created in CSU’s Canvas system.](#)

[LaunchPad Setup](#)

Add a Link to LaunchPad to a Canvas Module	1
LaunchPad Support Information:.....	3

Add a Link to LaunchPad to a Canvas Module

- a) In your Canvas course, on the left Navigation menu, click Modules.

- b) You can add the LaunchPad link to an existing module or *create* a separate **module** just for LaunchPad.

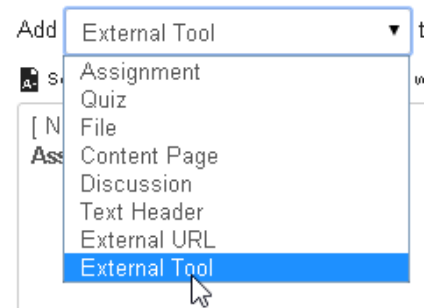

c) Give the **module a name** and *click Add Module*.

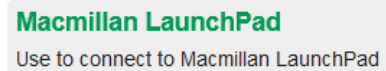

d) *Click* on the “ + “ to the right of the module’s name.

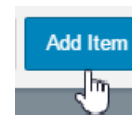

e) Under the **Add drop down menu** *select External Tool*.

f) *Click* on the **LaunchPad** item.

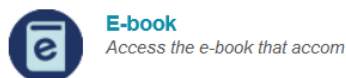

g) *Click Add Item*.

h) *Click* on the **LaunchPad link** in your module to verify that you can connect to Macmillan’s LaunchPad.
