Add Piazza to a Canvas Course

Piazza is a free platform for instructors to efficiently manage class Q&A. Students can post questions and collaborate to edit responses to these questions. Instructors can also answer questions, endorse student answers, and edit or delete any posted content.

Instructors can easily integrate Piazza with CSU’s instance of Canvas. This will populate a Piazza course with the enrollment from your Canvas course.

Instructors can:

- Answer students’ questions once for all students to see.
- Students can engage with classmates in online discussion.
- Post class related announcements.
- Post class files, resources and the class syllabus.
- Conduct polls to get a sense of where students stand.
- Can receive/send private messages from/to students on more sensitive subject matter.

Piazza is a tool external to CSU. Support is obtained directly from Piazza:
