

ProctorU is an automated remote proctoring solution that verifies the identity of online test takers.

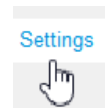

- CSU Instructors can use ProctorU with Canvas quizzes.
- Cost: For students taking a fully online course through CSU Online, the cost to use ProctorU for an online quiz is usually paid for by CSU Online. For courses not in the CSU Online program, there is usually a cost to students to take a quiz using ProctorU.
- [Technical Requirements to use ProctorU / Devices Supported](#)
- [Student creates an account with ProctorU.](#)
- Student contacts ProctorU to schedule time to take test.
- Student verifies their identity with ProctorU.
- The student’s test taking behavior is then monitored by a proctor.

Add ProctorU Link to Course Menu..... 1

Support:..... 3

Add ProctorU Link to Course Menu (Visible only to instructors Only)

1) In your Canvas course, on the course left menu *click* **Settings**.

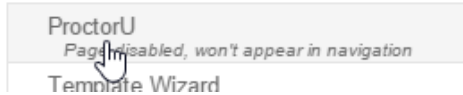

2) At the top of the page *click* **Navigation**.

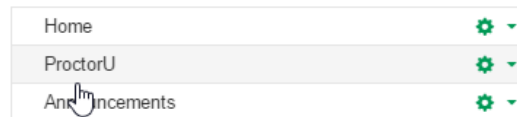

- 3) Drag the **ProctorU** item from the **bottom** “hidden from students” box to the **top** “visible to students” box.

Drag items here to hide them from students.
Disabling most pages will cause students who visit those redirected to the course home page.

Drag and drop items to reorder them in the course navigation.

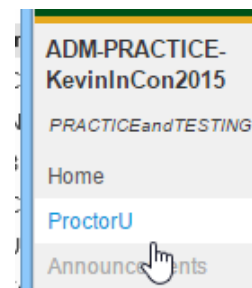

- 4) At the **bottom of the page**, click **Save**.

ProctorU is designed in a way to that this link will be visible/available to Instructors Only on the left course menu.

Note: **students Will Not see this link**; it is used by instructors to link a quiz in their Canvas course to a quiz that they registered with ProctorU.
