

Create a Page Make Page Course Home Page

In Canvas, an instructor can create a page with information about their course.

Instructors can designate this page to be the Front Page.

Instructors can then set their course home page to be this Front Page.

Create a Page in Canvas

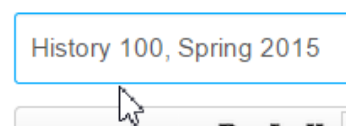

- a) On the **left navigation menu** in your course *click Pages*.
(Note: if there are no pages in the course, the Pages item will appear in light gray).

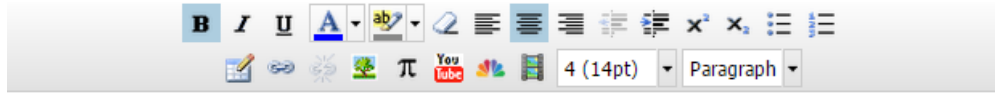

- b) At the **top right** *click “ + Page”*.

- c) *Type a name for the page*.

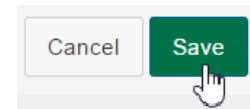

- d) In the **text editor box** type the **information** you would like your students to see on this page.

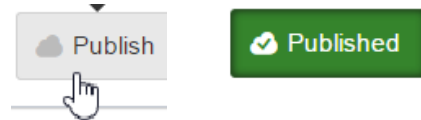

This Canvas Course contains sections 001 and 002.

On the left menu click on the Syllabus button to view the course syllabus and additional information.

- e) At the **bottom right** click **Save**.

- f) At the top right click **Publish**.

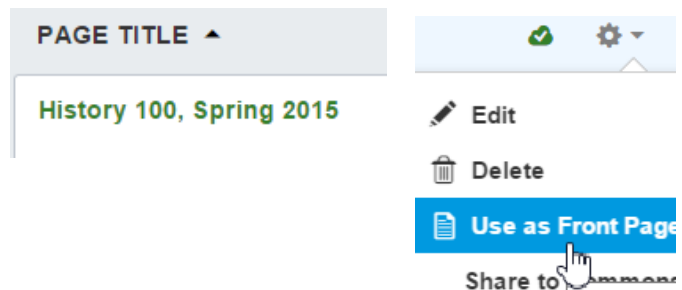

Set Page to Be Front Page

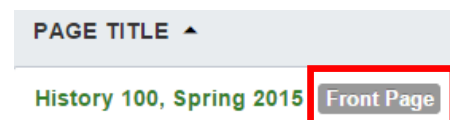

- a) On the **left menu** click **Pages**.

- b) To the **far right of your page**, click on the **gear icon** and select **Use as Front Page**.

The words Front Page will appear next to the page's name.

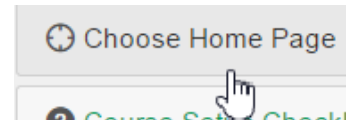

Set Front Page to be Course Home Page

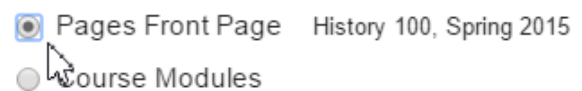

- a) In your course, on **the top left menu** *click Home*.

- b) On the **right hand menu** *click Choose Home Page*.

- c) *Select the Pages Front Page*.

- d) *Click Save*.

Your course home page will now be the page you created.
