

Download and Print Annotated Papers

There is a way for students and instructors to print out a PDF version of a Canvas annotated paper. It's not as elegant as we would like. The annotations are printed on the last page of the pdf file.

- 1) On the left course menu *click* **Grades**.

- 2) *Click* on the **assignment**.

- 3) In the **top right of the Submission Details** page *click* **View Feedback**.
(You may need to use the scroll bar at the bottom of the window to move to the right to see the View Feedback link).
