

View ALL of Your Courses in Canvas

When you first login to Canvas, on your Dashboard you will see Course Cards for courses that have been marked as Favorites. You likely will not see all of your courses on the Dashboard.

Favorite courses appear on Dashboard

On left menu *click Courses, ALL Courses* to see All of your courses.

Make a Course a Favorite	3
Canvas Support	3

Summary:

- 1) Click Courses
- 2) At the top click All Courses. You will see your courses Under Courses / Future Courses.
- 3) Star/Favorite courses you wish to see when you first login to Canvas.
- 4) Unstar courses you do not wish to see.

Prerequisites:

- Students must be enrolled in a course.
- Instructors need to be assigned as the instructor for a course by their department in ARIESweb.

Enrollments are synced between Canvas and the student information system three times a day: approximately 7 am, 1 pm and 5 pm; it can take a few hours for your class to appear in Canvas.

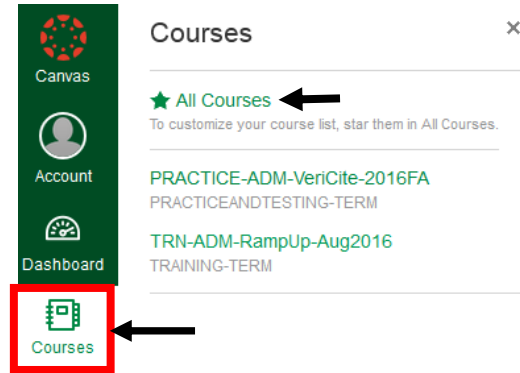

View ALL of Your Courses – Current and Future

1) *Login to Canvas*

<http://info.canvas.colostate.edu/login.aspx>

2) On the **left menu** *click Courses*.

3) At the **top of the list** *click All Courses*.

At the **top of the Course list** will be courses to which you have access.

	Course	Nickname
☆	2015FA-LIFE-102-L27: Attributes of Living System...	
★	ADM-PRACTICE-KevinDesignTools	

At the **bottom, under Future Enrollments**, are courses that have not yet started.

Instructors can *click* on a **Future course**, enter, and work on the course.

Students cannot enter a future course until it has been opened for student access. Student access to most Canvas courses opens on the Friday before a semester begins.

Make a Course a Favorite

- 1) *Click on Courses*
- 2) At the **top** *click All Courses*
- 3) In the **left margin** next to a **course's name**, *click on the star to turn it gold*; now it's a Favorite.

It will appear on your Dashboard when you first login to Canvas.

- 4) *Click to Unstar* a course that you no longer wish to have as a Favorite.
